

# Turny® HD

A manual swivel base with powered lift that rotates the car seat and brings it completely outside the vehicle.

The Turny HD is a seat lift that will allow the user to get seated outside the vehicle, before being comfortably lifted to a safe position inside. Having the car seat completely outside of the vehicle and at a height of choice can be very helpful when getting seated or making the transfer from a wheelchair.

Turny HD features manual swivel and powered lift. It is suitable for passenger side installation only.

### Quick facts

- Entry-level seat lift
- Powered lift
- Manual swivel
- Generous lifting height
- Optional footrest

### Specifications

POWER SUPPLY ..... 12 V

To guarantee your safety Autoadapt products are designed and tested according to current directives and standards.
